AFMAN 23-110, Volume 2, Part 2, Chapter 16, APRIL 1999, is supplemented as follows:

16.4.2. Inventory/Document Control personnel will be responsible for reverse posting assets under Due-In From Maintenance (DIFM) control because Trend Western does not have a stand alone Repair Cycle Support Unit.

16.4.3. Inventory/Document Control personnel are responsible for initiating and processing reverse-post inputs to correct documentation errors found during quality control checks outlined in Chapter 18. All other requests for Reverse Post (RVP) will be submitted in two copies using AFMC Form 183, Reverse Post Request, and forwarded to the appropriate Trend Western Flight Manager for signature. The final approval authority for the RVP is the Funds Manager.

16.4.4. NOTE: Document Control and Inventory personnel will process reverse-post inputs.

GARY L. BLEDSOE, Col., USAF  
Commander, 377th Logistics Group
